

Geriatric Veterans Itinerant Comprehensive Team Ocular Rehabilitation Services (G-VICTORS)

Located at the Palo Alto Division

Contact: Dr. Jennine Kirby at (650) 493-5000 ext.64334

The VAPAHCS G-VICTORS is a specialized low vision program for older veterans who do not qualify for the inpatient blind rehabilitation program at the WBRC. It develops and evaluates assessment and rehabilitation procedures for individuals 60 and over, with partial sight loss. Training is provided for Orientation and Mobility, Reading, Writing and other Communication Skills, Manual Skills, Activities of Daily

Living, Hobbies and Computer Access. Counseling is available to help veterans and their families adjust to the veteran's declining vision. The program helps veterans to be as independent and comfortable as possible. Treatment is provided in the veteran's home or our outpatient clinic located in Building 48.
